Sir,

With reference to your letter No L.9779 dated 20th March 1944 calling for certain particulars in connection with the purchase of a motor for the Shimoga Water Works and reminder letter No.L.1270 dated 8th August 1944, I have the honour to state that the particulars required have been called for from the Sanitary Engineer and the same will be furnished as soon as the information is received from the Sanitary Engineer, who has also been reminded in the matter.

I have the honour to be,
Sir,
Your most obedient servant,
DIRECTOR OF PUBLIC HEALTH

7) It was more than five months ago that the information was called for. Apparently the information required was also very simple. After a reminder was issued, an intimation reply has been received. At this rate, it will take along time before the Bureau of Family Hygiene can do any useful work. There has been very great slackness - as evidenced in this case. In this office also - is unsatisfactory. The D P H will be requested to issue strict instructions to the Family Hygiene Bureau to be more prompt in sending up replies to Govt. references & to see that no

SIR,

Purchase of a 60 H P motor for Shimoga Water Works for Rs 6103/- vide Bill No 1096/43-116/ M/41 dated 5th July 1943 of Richardson and Cruddas

I have the honour to state against the estimate of Rs 1,23,750/- for improvement of Shimoga Water Supply sanctioned in G O No I 821a-3/ 41 160-38-3 dated 11th April 1938, there was an outlay of Rs 1,14,500/- resulting in a savings of Rs 9,250/-, owing to the non availability of a 60 H P motor for the pumping set and savings in rising main, distribution system, R C C elevated tank etc A 60 H P motor set which was ordered in March 1941 was reported lost due to enemy action during transit In May 1943 the firm intimated the Sanitary Engineer that the pump set had arrived in their letter 24-5-1943 A copy of Sanitary Engineer's letter No 1675 dated 10th June 1943 in the matter is enclosed for the information of Government

With his letter No 875 dated 15th February 1944 the Sanitary Engineer sends a duplicate copy of the bill of Messrs Richardson & Cruddas for Rs 6103 for the 60 H P motor and requests sanction to the purchase The duplicate copy of the bill is enclosed herewith

I request you to be so good as to obtain and convey sanction of Government to the purchase of the 60 H P motor for the Shimoga Water Works at a cost of Rs 6103/- the same being met out of the savings of the estimate of Rs 1,23,875 mentioned above

Re - Necessity of purchasing a 60 H P motor for Shimoga Water Works

---

With reference to your No C 217-28 dated 26th May 1943 returning this office No 1578 dated 24th May 1943 for further discussion in the matter of closing the estimate for Rs 1,23,750/- with a savings of Rs 9,258/- owing to the non-availability of the 60 H P motor and placing orders afresh for the same and on securing such a motor, requesting Government to grant the amount equal to the savings for the later purchase, I have the honour to state that the firm with whom the order was placed on 27th March 1941 and had failed to supply the 60 H P motor and pump has now intimated under date 24-5-1943 that the pump set has arrived and that release from the Directorate General, Munitions Production, Calcutta is awaited as such, the pump will be received shortly and so the necessity of closing the estimate at this stage and asking for grant again from Government for the purchase of the pump later does not arise The proposal in the letter cited above is withdrawn The work will be completed after the receipt of the pump set and work accounts closed thereafter

Your original memo No C 217-28 dated 26th May 1943 is herewith resubmitted
